

Hybrid Course Scheduling*

Department of Special Education & Interventions

HY1 courses meet the **first week** and then every **odd numbered week** of the semester (weeks 1, 3, 5, 7, 9, 11, 13, 15)

HY2 courses meet the **second week** of the semester and then every **even numbered week** of the semester (weeks 2, 4, 6, 8, 10, 12, 14, 16)

Online assignments for weeks that hybrid courses do not meet will be provided in the course syllabus.

If you wish to take two classes during the same time block (e.g., Monday at 4:30 pm) you would enroll in one HY1 course and one HY2 course.

If you wish to take two courses back to back in one evening (4:30 pm and 7:20 pm) you would enroll in one HY1 course at 4:30 pm and another HY1 course at 7:20 pm OR one HY2 course at 4:30 pm and one HY2 course at 7:20 pm.

EXCEPTIONS:

SPED 517 and SPED 518 are always offered in an 8 week accelerated format (see current schedule on Pipeline for dates)

*Please note:

This scheduling pattern only applies to courses with an HY designator
