INTRODUCING... CentralPulse-\/-

Find community engagement and experiential learning opportunities all on one platform!

CentralPulse is Central's new platform for students to find community engagement and experiential learning opportunities including internships, volunteering, events both on and off campus, research projects, and more!

This platform will track each student or student group's "impacts", which is an umbrella term for your contributions including hours volunteered, money raised, and goods donated.

Scan QR Code to visit CentralPulse!

INTRODUCING...
